Work History

2013-09 - 2017-12

- **SCADA Developer**
Copextel, Matanzas, Cuba
 - Designed, developed, and implemented SCADA (Supervisory control and data acquisition) systems based on analyzed requirements and understanding of industry technical standards.
 - Developed and deployed new SCADA tools/interfaces to reduce operational cost, improve facility runtime, and further environmental stewardship and safety.
 - Support all SCADA system integrations, views, scripts, and overall architecture.
 - Tested programs and databases to identify issues and make necessary modifications.
 - Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.

Education

2008-09 - 2013-06

- **Bachelor of Science: Information Technology Engineer**
Universidad De Ciencias Informaticas - Havana, Cuba

Languages

- Español (Nativo)
- English (Intermediate)
